---

September 4, 2012

Dear Member:

The Board of Trustees of the Insulators Local 84 Health Care Plan ("the Plan") continually evaluates the Plan's vendors to obtain the best possible services while effectively managing the Plan's expenses. The purpose of this letter is to advise you of a change in company that will be managing your prescription drug benefits. **Effective October 1, 2012**, EnvisionRx will begin to manage the prescription drug benefits for you and your dependents covered under the Plan.

**First, we want to assure you that this change does not affect your benefits in any way. The only change is the company used to manage the prescription drug benefits for the Plan.** EnvisionRx has provided prescription benefit services to many other labor health and welfare funds including other Insulators Locals in Ohio.

With EnvisionRx, you will have access to:

- A large network of participating retail pharmacies.
- Convenient mail-order services through the Envision mail-order pharmacy. You can get a 90-day supply of long-term medication delivered directly to you for one mail-order co-payment.
- Helpful resources on EnvisionRx's website [www.envisionrx.com](http://www.envisionrx.com), including the ability to order mail-order refills, check order status, compare medication costs, request order forms and envelopes, and access useful health and benefit information.

**In September, you will receive a welcome package from EnvisionRx. Please watch for this package in the mail as it will include your new identification cards.** The package will also contain a list of participating pharmacies, EnvisionRx's formulary list, mail order information and simple instructions on how to take full advantage of all the prescription services available to you through EnvisionRx. Please remember to continue using your Caremark identification card through Sunday September 30, 2012. Beginning Monday, October 1, 2012, please be sure to present your new EnvisionRx prescription drug identification card to your pharmacist when filling prescriptions and let your pharmacist know that you have a new prescription benefit plan.

Again, you will be receiving more detailed information about Envision toward the end of September. Please read and keep this information with your other Plan materials. If you have any questions regarding your prescription drug benefits, please call the Plan Administrative Office at (800) 435-2388.

Sincerely,

**Board of Trustees of the  
Insulators Local 84 Health Care Plan**
