2012 ANNUAL FUNDING NOTICE

For

PLUMBERS & PIPEFITTERS LOCAL NO. 396 PENSION PLAN

INTRODUCTION

This notice includes important funding information about your pension plan ("the Plan"). This notice also provides a summary of federal rules governing multiemployer plans in reorganization and insolvent plans and benefit payments guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a federal agency. All traditional pension plans, called defined benefit pension plans, must provide this Notice every year regardless of their funding status. It does not mean that the Plan is terminating. It is provided for informational purposes only and you are not required to respond in any way. This notice is for the 2012 plan year which began on July 1, 2012 and ended June 30, 2013 (referred to hereafter as "Plan Year").

FUNDED PERCENTAGE

The funded percentage of a plan is a measure of how well that plan is funded. This percentage is obtained by dividing the Plan's assets by its liabilities on the valuation date for the plan year. In general, the higher the percentage, the better funded the plan. The Plan's funded percentage for the Plan Year and 2 preceding plan years is set forth in the chart below, along with a Statement of the value of the Plan's assets and liabilities for the same period.

	July 1, 2012 – June 30, 2013	July 1, 2011 – June 30, 2012	July 1, 2010 – June 30, 2011
Valuation Date	July 1, 2012	July 1, 2011	July 1, 2010
Funded Percentage	48%	48%	50%
Value of Assets	\$27,089,121	\$26,742,515	\$27,455,258
Value of Liabilities	\$56,376,090	\$55,388,783	\$54,902,516

FAIR MARKET VALUE OF ASSETS

The asset values in the chart above are measured as of the Plan's valuation date for the Plan Year and are actuarial values. Because market values can fluctuate daily based on factors in the marketplace, such as changes in the stock market, pension law allows plans to use actuarial values that are designed to smooth out those fluctuations for funding purposes. The asset values listed below are market values and are measured as of the last day of the Plan year, rather than as of the valuation date. Substituting the market value of assets for the actuarial value used in the above chart would show a clearer picture of a Pension Plan's funded status as of the valuation date. The fair market value of the Plumbers & Pipefitters Local No. 396 Pension Plan's assets as of the last date of the Plan year and each of the two preceding Plan Years is shown in the following table:

	June 30, 2013	June 30, 2012	June 30, 2011
Fair Market Value of Assets	\$32,825,905	\$29,651,227	\$29,311,926

PARTICIPANT INFORMATION

The total number of participants in the plan as of the Plan's valuation date, July 1, 2012, was 643. Of this number, 325 were active participants, 299 were retired or separated from service and receiving benefits, and 19 were retired or separated from service and entitled to future benefits.

FUNDING & INVESTMENT POLICIES

The law requires that every pension plan have a procedure for establishing a funding policy to carry out the plan objectives. A funding policy relates to the level of contributions needed to pay for benefits promised under the plan currently and over the years. The funding policy of the Plan is to meet the minimum funding requirements of the Employee Retirement Income Security Act of 1974.

Once money is contributed to the Plan, the money is invested by plan officials called fiduciaries. Specific investments are made in accordance with the Plan's investment policy. Generally speaking, an investment policy is a written statement that provides the fiduciaries who are responsible for plan investments with guidelines or general instructions concerning various types or categories of investment management decisions. The investment policy of the Plan is to invest in a diversified portfolio of assets that will maximize investment return over the long term while minimizing investment return volatility and maintaining sufficient liquidity to pay Plan benefits and administrative expenses.

In accordance with the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations

	Percentage
1. Interest-bearing cash	2 %
2. U.S. Government securities	
3. Corporate debt instruments (other than employer securities):	
4. Preferred Other	
5. Corporate stocks (other than employer securities):	
Preferred	
Common	12%
6. Partnership/joint venture interests	
7. Real estate (other than employer real property)	
8. Loans (other than to participants)	
9. Participant loans	
10. Value of interest in common/collective trusts	39 %
11. Value of interest in pooled separate accounts	5 %
12. Value of interest in master trust investment accounts	
13. Value of interest in 103-12 investment entities	
14. Value of interest in registered investment companies (e.g., mutual funds)	42 %
15. Value of funds held in insurance co. general account (unallocated contracts)	
16. Employer-related investments:	
Employer Securities	
Employer real property	
17. Buildings and other property used in plan operation	
18. Other	

CRITICAL OR ENDANGERED STATUS

Under federal pension law a plan generally will be considered to be in "endangered" status if, at the beginning of the plan year, the funded percentage of the plan is less than 80 percent or in "critical" status if the percentage is less than 65 percent (other factors may also apply). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status, the trustees of the plan are required to adopt a rehabilitation plan. Rehabilitation and funding improvement plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time.

The Plan was in endangered status in the 2012 Plan Year.

EVENTS WITH MATERIAL EFFECT ON ASSETS OR LIABILITIES

Federal law requires trustees to provide in this notice a written explanation of events, taking effect in the current plan year, which are expected to have a material effect on plan liabilities or assets. For the plan year beginning on July 1, 2013 and ending on June 30, 2014, the contribution rate was increased to \$7.50. The contribution rate is scheduled to increase by 50 cents for each of the next three years.

RIGHT TO REQUEST A COPY OF THE ANNUAL REPORT

A pension plan is required to file with the US Department of Labor an annual report (i.e., Form 5500) containing financial and other information about the plan. Copies of the annual report are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator.

SUMMARY OF RULES GOVERNING PLANS IN REORGANIZATION AND INSOLVENT PLANS

Federal law has a number of special rules that apply to financially troubled multiemployer plans. Under so-called "plan reorganization rules," a plan with adverse financial experience may need to increase required contributions and may, under certain circumstances, reduce benefits that are not eligible for the PBGC's guarantee (generally, benefits that have been in effect for less than 60 months). If a plan is in reorganization status, it must provide notification that the plan is in reorganization status and that, if contributions are not increased, accrued benefits under the plan may be reduced or an excise tax may be imposed (or both). The law requires the plan to furnish this notification to each contributing employer and the labor organization.

Despite the special plan reorganization rules, a plan in reorganization nevertheless could become insolvent. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for the plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available financial resources. If such resources are not enough to pay benefits at a level specified by law (see Benefit Payments Guaranteed by the PBGC, below), the plan must apply to the PBGC for financial assistance. The PBGC, by law, will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notification of the insolvency to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected as a result of the insolvency, including loss of a lump sum option. This information will be provided for each year the plan is insolvent.

BENEFIT PAYMENTS GUARANTEED BY THE PBGC

The maximum benefit that the PBGC guarantees is set by law. Only vested benefits are guaranteed. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

Example 1: If a participant with 10 years of credited service has an accrued monthly benefit of \$500, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ($\$500/10$), which equals \$50. The guaranteed amount for a \$50 monthly accrual rate is equal to the sum of \$11 plus \$24.75 ($.75 \times \$33$), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 ($\35.75×10).

Example 2: If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or \$200/10). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 (.75 x \$9), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 (\$17.75 x 10).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under the plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee pre-retirement death benefits to a spouse or beneficiary (e.g., a qualified pre-retirement survivor annuity) if the participant dies after the plan terminates, benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

WHERE TO GET MORE INFORMATION

For more information about this notice, you may contact:

Board of Trustees, Plumbers &
Pipefitters Local No. 396 Pension Plan
33 Fitch Blvd.
Austintown, OH 44515
(330) 270-0453

For identification purposes, the official plan number is 001 and the plan sponsor's employer identification number or "EIN" is 34-6727007.

For more information about the PBGC and benefit guarantees, go to PBGC's website, www.pbgc.gov, or call PBGC toll-free at 1-800-400-7242 (TTY/TDD users may call the Federal relay service toll free at 1-800-877-8339 and ask to be connected to 1-800-400-7242).
